Categories	Product Name	Product Image			Product Parameters / Features
Supports & Braces >> Kinesiology Tape	Kinesiology Tape				Crafted from cotton and spandex, this product is breathable and skin-friendly, with strong stretchability. Size: 2.5/3.8/5/7.5/10cm * 5m 20+colors opp bag or color box
	Kinesiology Tape for Face				Material: 96% cotton + 4% spandex Size: 2.5cm×5m per roll, Colors: Multi-color options (blue, green, pink, black, etc.) Packaging: Boxed (supports custom packaging & logo printing) Applicable Areas: Nasolabial folds, forehead, jawline, cheeks
	Self-Adhesive Bandage				Material: Perforated non-woven fabric + self-adhesive latex-free glue Available Size: 2.5cm /5cm /7.5cm /10cm width × stretched 4.5m length Elastic Ratio: 1:2.2 stretch rate Styles: Solid plain color, paw print, cartoon, camouflage, smiley patterns; custom color/pattern/size available
Supports & Braces >> Head & Neck	Inflatable Cervical Neck Collar				Traction Mechanism 3-Tier Air Bladder System Premium soft-touch plush fabric liner + durable leak-proof PVC inner bladders Deflated Pack Size: 32*24.3*5cm | Net Weight: ~300g Sizing & Fit Universal Adjustable Fit Manufactured under ISO 13485 standards; FDA registered and CE compliant

	Rotary Dial Adjustable Cervical Neck Collar				5th-Gen Rotary Gear Knob: Synchronized bilateral lift 360° Ergonomic plastic shell with wide ventilation ports to prevent heat accumulation Universal Adult Fit: Accommodates various neck lengths and circumferences CE Compliant
	Foam Cervical Neck Collar				Size：XXS,XS,S,M,L,XL Material Construction: High-density sponge foam, breathable fabric cover, adjustable hook-and-loop closure. Color Options: Beige (Skin Tone) / Black Regulatory Compliance: FDA Registered, CE Compliant, ISO Quality Standards.
	Split Adjustable Cervical Neck Collar				Size：S,M,L Product Structure: Detachable two-piece design with hook-and-loop velcro adjustment. Material Composition: Thickened sponge, PU leather edging, and durable plastic sheet core. Ventilation: 20 enlarged breathable air vents per layer for all-season comfort.
	Polymer Cervical Collar				Size：S,M,L,XL Structure & Design: Two-piece (Front & Back panels) molded high-polymer foam body with reinforced injection-molded plastic components. Fastening: Side hook-and-loop closure with adjustable tension straps. Regulatory Standards: CE Certified, FDA Compliant
	Adjustable Cervical Neck Collar				Adjustment Levels: 7 adjustable height levels Material: High-strength PP plastic frame, breathable foam padding, adjustable hook-and-loop straps Color: Gray with blue accents Size: Universal (fits most adult neck sizes) Certifications: FDA (compliant with medical device standards)

	Cervical Collar				Outer Shell: Hard engineering plastic frame with buffering connecting structure Inner Liner: Soft breathable skin-friendly composite fabric Traction Mode: Manual hand pump inflatable progressive airbag traction Fixing Design: 360° wrap-around jaw & clavicle positioning structure
	4-level Cervical Collar				Material: PP engineering plastic shell, soft foam inner lining Size: S (Kids), L (Adults) Adjustment: 4-level adjustable sizes, marked scale for easy fitting Compatibility: Metal-free, fully compatible with X-ray, MRI, and CT scans
	Thoracic Head Neck Brace				Material: PP/ABS, High-strength magnesium alloy support frame, perforated breathable fabric padding Structure: Triangular stable support, headband + neck + chest + bottom fixation system Certifications: CE, FDA (compliant with medical device standards)
	Orthopedic & memory pillow				Material: Slow-rebound memory foam core, Dimensions: 52cm × 35cm × 11cm Colors: Multiple options (gray, pink, green, blue, purple, etc.) Structure: Dual-part design (head support area + neck/shoulder support cylinder)
	Omnidirectional butterfly pillow				Material: Slow-rebound memory foam core, breathable quilted/knit fabric cover, mesh side panels Dimensions: 60cm × 35cm × 7.5cm (central height), side height 11.5cm Packaging: Rolled (35cm × 15cm) for easy storage and shipping Colors: White with gray accents, gray, etc.

	Natural Latex Pillow				Core Material: 100% natural Thailand latex, open-cell porous structure Overall Dimension: S-30*50cm, M-35*55cm, L- 40*60cm Available Styles: Granule massage type, smooth curved contour type, wavy high-firm type Pillowcase: Detachable bamboo fiber breathable fabric cover
	U-shaped neck pillow				Material: Outer layer: Crystal velvet and magnetic fabric; Inner layer: Memory foam. Colors: Gray, pink, light blue, dark blue, etc. Structure: Ergonomic U-shape with raised side supports Features: Removable/washable cover, adjustable drawstring
Supports & Braces >> Shoulders, Chest and Waist	Adjustable Abduction Brace				User Group： Adult Universal Fit Material Profile： Breathable fabric, PP plastic shell, aluminum alloy support frame, breathable sponge lining Adjustable Functions：Adjustable shoulder abduction/adduction angle, elbow flexion angle control, wrist extension length tuning Certifications: CE, FDA (compliant with medical device standards)
	Adjustable Shoulder and Elbow Fixator				Perforated Rigid Upper Limb & Shoulder Immobilizer Brace [Reinforced Perforated PP Shell | Universal Left/Right Fit | FDA-registered and CE-compliant] Medical-grade immobilization for humeral fractures, shoulder dislocations, upper arm injuries, and post-surgical alignment.
	Adjustable Shoulder Support Brace				Adjustable Single Shoulder Compression Brace [Perforated Breathable Neoprene | Dual Strap Pressure Control | Universal Fit (36–51cm Width)] FDA-registered and CE-compliant] Targeted shoulder joint stabilization and compression support for athletic protection, muscle strains, and daily mobility discomfort.

	Posture Corrector				Adjustable Back Posture Corrector with Dual Support Stays [Dual Fiberglass Support Stays | Figure-8 Shoulder Tension Straps | Wide Size Range (XS–4XL)] Effective upper back and lumbar alignment support to correct slumping, reduce shoulder strain, and encourage proper posture.
	Pulley Lumbar Support Belt				Mechanical Pulley Lumbar Support & Back Brace [Mechanical Pulley Tensioning System | Rigid Contoured Back Plate | Honeycomb Breathable Mesh] Effortless high-ratio abdominal compression and lumbar stabilization for lower back relief, spinal posture support, and heavy lifting protection.
	Lumbar Support Belt				Bionic Steel Plate & Airbag Lumbar Support Belt [Wide Spine Steel Plate + Side Springs | Inflatable Air Cushion Decompression | 3 Detachable Pads] Hybrid rigid-soft lumbar support delivering multi-layered compression, postural alignment, and lower back pressure relief.
	Sports Lumbar Support Brace				Athletic Sweat-Enhancing Compression Lumbar Belt [Embossed SBR Inner Lining | Convenient Pocket Storage | Lycra Anti-Chafe Edging] Dynamic core stabilization and sweat-enhancing thermal compression for outdoor running, gym fitness, and posture support.
	Adjustable Thoracolumbar Brace				Adjustable Rigid TLSO Thoracolumbar Spine Brace [3.5mm Reinforced PE Shell | Upper & Lower Dual Airbag System | Height & Width Adjustable] Full-coverage thoracolumbar sacral stabilization for spinal fractures, post-surgical fusion immobilization, and postural decompression.

	Inflatable Lumbar Traction Brace				Material: TPU air columns + PU leather outer cover Sizes: S/M/L/XL (fits waist 60cm~110cm, 1.8~3.6 feet) Air Columns: 18 thickened columns (upgraded model) / 28 small columns (classic model) Colors: Pearl white, beige, navy blue, wine red Accessories: Aluminum alloy pump included
Supports & Braces >> Arm & Hand	Full Wrap Arm Sling				Full Wrap Shoulder Immobilizer & Arm Sling [Plush Velvet Sponge Material | Secondary Waist Immobilization Strap | S–L Sizing] Comprehensive forearm, elbow, and shoulder joint immobilization for fractures, dislocations, post-surgical recovery, and stroke hemiplegia support.
	Breathable Arm Sling				Fabric Material：Breathable honeycomb mesh net fabric + composite soft lining Buckle System：High-strength metal quick-release clip + plastic tri-glide adjusting ring Sizing & Fit：Universal Adult Size: Ambidextrous design for both Left and Right arms Regulatory Compliance：CE Certified, FDA Registered
	Arm Sling With Support Splint				Fabric Material：Breathable honeycomb net fabric, anti-chafing soft edge binding, webbed straps Support Mechanism：Built-in rigid forearm support board + triangular stabilization geometry Adjustment System ： Moveable slide-clip buckle for customizable strap length tuning Sizing & Fit：Universal One Size: Fits both Left and Right arms (Ambidextrous)
	Plastic Elbow Support Brace				Contoured Rigid Plastic Shell Elbow Immobilizer Brace [Thickened High-Density PP Shell | 3-Strap Adjustable Compression | Breathable Airflow Matrix] Rigid elbow joint immobilization and full-wrap contour support for post-operative recovery, joint dislocations, severe sprains, and fracture management.

	Hinged ROM Elbow Brace				Telescopic Hinged ROM Elbow Rehabilitation Brace [0°–120° ROM Flexion Control Dial | One-Touch Telescopic Length (36–44cm) | High-Strength Alloy Struts] Precision Range-of-Motion (ROM) control and length adjustment for elbow ligament surgery recovery, joint stiffness, and fracture immobilization.
	Sports Elbow Brace				Material: Breathable OK fabric (Y-com tech fabric, sweat-wicking & quick-dry) Color Options: Black, black-blue, black-orange, grey-purple Size: One size fits most (adjustable) Weight: 65g per piece (including packaging bag) Dimensions: 30cm × 20cm
	Wrist Brace				BOA Dial System Wrist & Carpal Tunnel Support Brace [BOA Micro-Adjustable Reel Cable System | Dual Aluminum Splints | Shock-Absorbing Palm Pad] Instant, uniform compression and dual-metal palm stabilization for carpal tunnel syndrome, wrist sprains, TFCC tears, and post-cast recovery.
	Splint-style Wrist Brace				Dual Clamshell Splint Wrist Brace with Shoulder Suspension Harness [Double-Sided Sandwich Aluminum Splints | 4-Strap Tensioning | Anti-Slip Shoulder Harness] Comprehensive sandwich-style wrist immobilization for forearm fractures, severe sprains, carpal tunnel recovery, and plaster cast replacement
	Multi-Style Finger & Wrist Orthosis Series				Multifunctional Finger & Wrist Immobilization Orthosis Series [Contoured Aluminum Splint Stays | BOA Reel Dial Option | 360° Wrap-Around Compression] Targeted palmar, thumb, and index/middle finger immobilization for tendon injuries, fracture rehabilitation, sprains, and joint positioning.

	Compression Wrist Support				Material: 75% Nylon, 25% Spandex (three-layer composite fabric) Color Options: Beige-orange, gray-orange, black-orange Size: One size fits most (fits wrist circumference 13-23cm, suitable for both left and right hands) Dimensions: 36cm × 8.2cm
	Finger Splint				Moldable Aluminum Finger Splint with Soft Sponge Pad [Pliable Aluminum Core | Soft Sponge Cushion Lining | Adjustable Velcro Fasteners] Rapid, moldable finger joint immobilization for mallet finger, extensor tendon ruptures, sprains, and phalangeal fractures.
	Portable Hand Training Machine				Portable Electric Pneumatic Finger Rehabilitation Training Glove [Soft Pneumatic Air Drive | Independent Finger Valves | Upgraded Mirror Training Mode] Intelligent pneumatic flexion and extension training for stroke recovery, hemiplegia, hand motor function restoration, and joint stiffness.
Supports & Braces >> Thigh, Knee and Calf	Patella Knee Strap				Material: Breathable N-comb fabric, silicone shock pad Colors: Black, gray, pink, beige, blue, orange, dark gray (multiple options) Size: Adjustable (total length 60cm/55cm, width 6.5cm) Fit: Universal for adults Features: Perforated ventilation, silicone padding, double strap adjustment
	Patella Knee Strap-2				Material: Breathable OK cloth (neoprene composite fabric) Colors: 7 optional colors (pink, black, etc.) Size: Universal one size (55cm × 6.5cm) Fit: Left/right knee compatible, adjustable for most adults Features: Customizable logo, adjustable buckle, soft padding

	Hinged Knee Brace				Hinged ROM Knee Brace with Detachable Support Bracket [0°–120° Flexion ROM Dial | Convertible Dual-Purpose Bracket | Anti-Slip Shoulder Strap] Convertible knee joint immobilization and range-of-motion control for post-operative recovery, meniscus tears, and ligament stabilization.
	Bilateral Aluminum Stays Knee Brace				Bilateral Aluminum Stays Full-Wrap Knee Support Brace [4 Contoured Aluminum Stays | Multi-Strap Compression System | S–XL Precise Fit] Anatomically contoured leg immobilization to support knee joint recovery, muscle sprains, post-injury alignment, and plaster cast replacement.
	Knee Joint Fixation Belt				Meniscus & Patella Silicone Compression Knee Support Belt [Anatomical Gel Patella Ring | 4 Memory Spring Stays | Non-Slip Wave Silicone] Targeted patellar tracking stability and meniscus decompression for sports protection, running, hiking, and joint fatigue relief.
	Knee Fixator				Lightweight ROM Knee Fixator & Immobilization Brace [Aluminum Alloy Support Rods | Internal & External Alignment Adjustment | Anti-Slip Lining] Reinforced knee joint immobilization and precise range-of-motion control for post-operative rehabilitation, ligament injuries, and alignment correction.
	Knee Warmers				1. Three-layer fabric design with 2mm thick fleece provides 360° coverage to lock in heat. 2. Highly elastic fabric with 4-way stretch eliminates tightness, reduces drag, and allows for easy flexion and extension. 3. Anti-slip silicone strips prevent slippage. 4.Size: S,M,L

	Compression Calf Sleeve				Material: Breathable elastic composite fabric (nylon + spandex) Packing: 1 pair (2 pieces) Size: M / L / XL / XXL
	Sports Knee Pads (Children's)				Material: Nylon main body, with EVA/sponge padding Styles: 3 options: Standard Style-1, Thin Breathable Style-2, Sponge Style-3 Colors: Style 1: Light Blue, Royal Blue, Pink, Black, Purple Styles 2 & 3: Blue, Pink, Black Sizes: S / M / L (for kids of different ages/leg circumferences)
	Sports Knee Pads (Adults')				Material: Nylon main body, silicone gasket, memory “fish-scale” spring inserts Colors: 6 color options (white, gray, black, blue, etc.) Sizes: S / M / L / XL
	Sports Knee Pads (Extra Large)				Material: Nylon composite fabric, silicone anti-slip strips, built-in support springs Style: Standard, Upgraded (with Support Springs) Sizes: S / M / L / XL / 3XL / 4XL
Supports & Braces >> Foot & Angle	Splint-style Ankle Brace				Air/Gel Cold Therapy Ankle Stirrup Stabilizer Brace [Freezeable Gel & Air Inflatable Bladders | Rigid Side Stirrup Shells | Shoe-Compatible Design] Dual-action cryotherapy compression and rigid lateral stabilization for acute ankle sprains, post-injury swelling, and ligament rehab.

	Pediatric Ankle-Foot Orthosis				Pediatric Ankle-Foot Orthosis (AFO) Walking & Recovery Boot [Perforated Breathable Shell | Non-Slip Cushion Sole | 3-Strap 360° Wrap System] Anatomically contoured pediatric foot and ankle immobilization for child ankle fractures, ligament injuries, post-op cast replacement, and gait training.
	Adjustable Ankle Support				Athletic Ankle Stabilizer Brace with Dual Rigid Side Plates [Dual Anatomical Side Splints | Front Lace-Up Tensioning | Figure-8 Cross Compression Straps] Dynamic lateral joint stabilization and anti-inversion support for basketball, running, soccer, and post-sprain active recovery.
	Foot Drop Brace				Material: Rigid plastic shell, breathable foam lining, adjustable dial buckle system, optional multi-air cushion Versions: Standard version / Air cushion version (with inflation pump) Sizes: S/M/L/XL/XXL Color Options: Black / Gray Features: Triangular stable support, adjustable tension dial, optional air cushion, breathable perforated design
	Rigid Ankle Immobilizer Boot				Short Lightweight Rigid Ankle Immobilizer Boot [Compact Low-Profile Shell | Breathable Soft Foam Liner | Non-Slip Rocker Walking Base] Lightweight, low-profile ankle joint restriction for midfoot injuries, severe sprains, metatarsal fractures, and post-surgical recovery.
	Pneumatic Air Cam Walker Boot				Pneumatic Air Cam Walker Rehabilitation Boot [Integrated Dual Pneumatic Airbags | Shock-Absorbing Rocker Sole | Full 360° Shell Protection] Customizable pneumatic compression and rigid leg immobilization for severe ankle sprains, Achilles tendon ruptures, fractures, and post-op care.

	Air walking boot				Material: Rigid resin shell, soft breathable inner lining, inflatable bilateral airbags, non-slip EVA sole Models: Short (30cm height) / Long (45cm height) Sizes: S, M, L, XL (fits shoe sizes 35-46) Key Features: Removable and washable inner lining, adjustable straps, inflation/deflation valve
	Plantar Fasciitis Night Splint Boot				Plantar Fasciitis & Foot Drop Night Splint Recovery Boot [Adjustable Dorsiflexion Strap | Removable Forefoot Wedge Pad | EVA Non-Slip Base] Continuous passive stretch and 90° angle positioning for plantar fasciitis, Achilles tendonitis, foot drop, and heel spur recovery.
	Ultra-thin silicone sports ankle guard				Style: Basic / Silicone Material: Skin-friendly high-elastic fabric, non-slip silicone pad, silicone shock absorption cushion Colors: Pink, Beige, Black, Gray (multiple options) Sizes: S/M/L/XL/XXL, left/right foot universal
	Kids Ankle Brace				Styles: 2 options: Standard Model, Breathable Mesh Sleeve Style Material: Soft neoprene/breathable mesh fabric, high-adhesion Velcro, durable edging Colors: Blue, Pink, Black, Light Blue, Grey Size: S/M
	Bunion Corrector				Night Use Mechanical Hinged Bunion Corrector Splint [Mechanical Leverage Realignment | Soft Gel Alignment Pad | Universal Ambidextrous Fit] Scientific big toe alignment and hallux valgus pressure distribution for night-time rest, toe drift correction, and joint alignment.

Confidential

	Multi-Strap Fabric Bunion Support Brace				Multi-Strap Soft Fabric Bunion Support Brace with Aluminum Stay [Built-in Rigid Aluminum Support Stay | 3-Point Wrap Immobilization | Plush Velvet Fabric] Full-wrap big toe realignment and metatarsal stabilization for day and night bunion protection, post-op rest, and toe overlap relief.
	Off-Loading Post Op Shoe				Off-Loading Post-Operative & Fracture Recovery Shoe [3 Functional Sole Profiles | EVA Shock-Absorbing Outsole | Wide Open-Toe Strapping] Targeted pressure off-loading and weight redistribution for post-surgical foot care, toe fractures, plantar ulceration, and cast protection.
Daily Living >> Bathing &Showering	Electric Bath Lift Chair				This electric bath lift chair effortlessly lifts users in and out of the bathtub, with an intuitive remote control and stable electric drive. It provides safe, convenient bathing support for the elderly and disabled. [IPX7 Waterproof Motor | Foldable Scissor Structure] Certified Safety & Accessibility Solution for Bathrooms & Assisted Living Facilities
	Bathtub Seat				Material: Durable plastic seat, corrosion-resistant aluminum support arms, non-slip rubber tips Load Capacity: Up to 200 kg (440 lbs) Fit: Fits most standard bathtubs; adjustable arms for a secure fit Features: Drainage holes on seat, tool-free assembly, no permanent installation required
	Swivel Bath Chair				Material: Reinforced stainless steel frame, engineering plastic seat, eco PVC armrest grips Height: 360mm Max Load Capacity: 100KG Dimensions: Adjustable width (495-635mm), seat depth 37cm, seat width 40cm Features: 360° rotation, perforated seat, rust-proof, non-slip

	Foldable wall-mounted shower seat-2				Material: Aluminum alloy frame, durable plastic seat, non-slip rubber foot pads Seat Dimensions: 40cm × 32cm (L×W) Adjustable Height: 45-55cm Features: Quick-fold design, dual-leg support, anti-slip, corrosion-resistant
	Multi-Style Shower Chair				Style Variations: Basic Model A, Upgraded Model A, Basic Model B, Upgraded Model B, Standard Backrest Model, Upgraded Foldable Backrest Model Material: Lightweight Aluminum Alloy Frame, Durable EVA Seat Surface, Non-slip Rubber Suction Feet Weight Capacity: 125 kg
	Foldable Bath & Shower Chair				Foldable Bath & Shower Chair with Ergonomic Backrest [Compact Wall-Folding Design | 200kg Weight Capacity | 5-Stage Telescopic Leg Adjustment] Stable, space-saving seated bath assistance for elderly care, mobility impairment support, pregnant women, and home care safety.
	Heavy-Duty Shower Chair with Padded Armrests				Heavy-Duty Aluminum Shower Chair with Padded Armrests [Widened 42cm Ergonomic Seat | Tool-Free Assembly | Soft Non-Slip EVA Cushion] Heavy-duty seated bath support equipped with soft foam armrests and showerhead holder for seniors, pregnant women, and mobility assistance.
	360° Swivel Shower Chair				Max load capacity: 150kg Model A (Hard Seat) Material: 6063T5 aluminum alloy (1.25mm tube), hard plastic seat Height adjustment: 6 gears, 34.5–52.5cm， Seat diameter: 32.5cm Model B (Soft Sponge Cushion) Material: 6063T5 aluminum alloy (1.25mm tube), waterproof soft sponge cushion Height adjustment: 5 gears， Seat diameter: 30.5cm

	Bath Safety Rail				Overall dimension: 35.5cm(L) × 23cm(W) × 41.5cm(H) Applicable bathtub wall thickness: 8cm – 17.5cm Main material: Sturdy metal frame, soft PVC padded handle, ABS soap tray Installation method: Rotary knob clamp, no drilling or tools required
	TPE-TPR Non-Slip Bath Mat				Material: Food-grade TPE/TPR (non-toxic, eco-friendly) Styles: Rectangular (bubble/massage texture), Circular (bubble/massage texture) Features: Quick drainage holes, dual-side anti-slip, thickened bubble/massage design Colors: Multiple options (pink, blue, green, beige, gray, etc.) Size: Round—30/55/66/80 cm; Rectangular—35×65 to 80×120 cm
	Shower Trolley				Material: Low-carbon cold-rolled steel frame, stainless steel guardrails, waterproof PVC mattress Adjustment: Manual height adjustment, tilt angle 0~30° Accessories: Built-in drainage outlet, foldable guardrails, quiet universal wheels with brakes, PVC inflatable pillow Mattress: Removable, waterproof, easy-to-clean PVC material Application: Hospitals, nursing homes, home care for bedridden patient
Daily Living >> Medication Care	Automatic pill dispenser				Style: Standard, Bluetooth (Remote Control & Medication Record) Size: D 200 mm × H 50 mm Capacity: 28 removable, spacious compartments Alarm System: Up to 9 programmable alarms, with adjustable tone and volume Power: Battery-operated (4 AA batteries included)
	7-Day 14-Compartment Detachable AMPM Pill Organizer				7-Day 14-Compartment Detachable AM/PM Pill Organizer [BPA-Free Food-Grade PC & PP | 7 Detachable Daily AM/PM Pods | Extra-Large Supplement Capacity] Organized twice-daily medication and supplement storage with removable pocket-sized pods for home care, travel, and daily wellness management.

	Rainbow Pillbox				Styles:7-day single style (S/L),14-day AM/PM double style (S/L) Material: Food-grade PP plastic Size:22*5cm,18*4.5cm Compartments: 7 or 14 labeled compartments (Mon-Sun, AM/PM)
	7-day pill box				Styles: 1、Stackable 7-box (2 or 3 compartments each box) 2、Round 7-compartment (single dose per day) Material: Food-grade PP plastic Colors: Rainbow, Black, Transparent, White options Features: Leak-proof, portable, easy-open lids
	21-grid Pill Box				Material: Food-grade PP plastic Color Options: black, color Features: Leak-proof snap lids, protective outer shell, compact and portable
	Waterproof Fiber Pill Organizer				Outer Size: 12.5 × 4.5cm; Inner cavity size: 12 × 4cm Material: Natural wheat straw fiber, food-safe plastic, no BPA, plasticizer & heavy metal free Colors: Beige Version, Multi-color Version Accessory: Detachable portable carry lanyard Customization: Support logo printing & surface pattern customization
	Pill Cutter				Material: ABS, PS Colors: Multiple options (gray, red, green, pink, blue, transparent) 4-in-1 Version Functions: Pill cutting, pill grinding, pill storage, drinking cup Single Version Functions: Pill cutting with built-in storage compartments

Daily Living >>Toileting	Powered Toilet Lift Seat(Battery)				Elevates the toilet seat by 35cm Easy installation and maintenance free. Weight capacity up to 180kgs (400lbs) Toilet seat and safety arm support in Ergonomics Easy-to-operate, a simple press of the button FCC and CE certified
	Powered Toilet Lift(Plug-in)				Dimensions: 565×630×705mm,Seat Height: 415mm Net Weight: 26.5kg , Max Load: 160kg Service Life: 20,000 cycles Adjustment: Seat plate inclination 0~13°, height-adjustable casters (0-45mm) Optional Features: Remote control, offline voice module, customizable handrail colors/styles
	Bedside Commode				Frame Material: Steel / Aluminum Alloy Seat Material: Durable plastic Features: 5-level height adjustment, detachable commode bucket, foldable design, non-slip feet
	Wheeled Commode Chair				Frame Material: Lightweight aluminum alloy/steel Features: Detachable footrest, backrest, and commode bucket
	Commode Wheelchair				Frame Material: Rust-resistant lightweight aluminum alloy Overall Dimensions: 69×53×100cm Seat Width: 48cm, seat opening size 34×21cm Wheels: 24″ rear wheels, 4″ swivel front casters with brakes Features: Detachable commode bucket, foldable footrest, flip-up armrests, waterproof seat

	Toilet Safety Rail				Freestanding Toilet Safety Rail (2 Styles) Frame Material: steel Adjustable Height: Multi-level height adjustment (fits different user heights) Base: Wide, stable base with non-slip rubber feet Features: No drilling required, fits most standard toilets, padded handles
	Raised Toilet Seat				Main Material: Eco HDPE plastic, aluminum alloy support tube, PU foam handrail cover Overall Dimensions: 520mm total width, seat height 160mm, total height with armrest 345mm, seat hole width 440mm Max Load Capacity: 136kg Handrail Feature: Multi-level height-adjustable aluminum brackets Fixing Structure: Screw adjustable safety lock, compatible with 99% standard toilets
	Wheeled Aluminum Shower Commode Chair				Wheeled Aluminum Shower & Bedside Commode Transfer Chair [125 kg Heavy-Duty Load Capacity | Dual-Size Mobility Wheels (8″ & 4″) | Soft or Hard Seat Board Options] Multifunctional bedside commode, shower transport chair, and over-toilet mobility aid for elderly care, limited mobility, and home nursing.
	Multifunctional Aluminum Commode & Shower Chair				Multifunctional Aluminum Commode & Shower Chair [5-in-1 Bath, Commode & Toilet Riser | 1.2mm Thickened Aluminum Alloy | Detachable Backrest & Armrests] Versatile seated bathing chair, bedside commode, and squat-to-sit toilet converter engineered for elderly care, mobility recovery, and home safety.
	Wall-Mounted Flip-Up Toilet Safety Grab Bar				Wall-Mounted 90° Flip-Up Toilet Safety Grab Bar [1.2mm Reinforced Aluminum Alloy Core | Anti-Slip Textured Nylon Outer | 90° Vertical Space-Saving Fold] Reliable standing balance and transfer assistance for elderly care, pregnancy support, post-surgical recovery, and accessible restrooms.

Daily Living >>Around the Home	Long-handled Shoe Horn				Long-handled shoe horn ABS material Product size: 60.3cm*4.7cm / 59.3*4.8cm
	Short-handled shoe horn				Short-handled shoe horn ABS material Three styles are available: 21*4.7cm, 18*3.6cm, and 13.7*3.9cm.
	Sock Aids 1&2				Designed for ease of use and perfect for those who have difficulty bending down to put on their socks. ABS/PP material Product size: 23*12cm，24*10cm
	Dressing Stick				Length: 71cm / 28 inch Handle Material: Smooth wooden/wood-like rod Hook Material: Sturdy metal/plastic hooks Features: Dual-function hooks, lightweight design, easy to grip
	Grabber Reacher Tool				Material: Aluminum alloy / stainless steel + TPR/ABS/ silicone gripper Length Options: 53cm, 60cm, 66cm, 82cm, 83cm, 88cm, 100cm, 109cm, 120cm, 150cm Styles: Non-folding, two-fold, three-fold Features: Ergonomic trigger handle, anti-slip gripper, lightweight design

	Rigid Leg Lifter Strap				42-Inch Rigid Leg Lifter Strap with Multi-Loop Handles [Internal Aluminum Rod Core | 4 Ergonomic Hand Loops | 28.5 cm Extra-Large Rigid Foot Loop] Effortless lower-limb repositioning and bending-free leg lifting for hip and knee replacement recovery, wheelchair transfers, bed entry, and stroke rehabilitation.
	Long Handled Comb				Available Types: Wide-tooth comb/air cushion brush Total Length: 35cm (brush) / 38cm (comb) Handle Material: ABS with ergonomic curved design Brush Bristles: Silicone ball-tipped bristles Comb Teeth: Smooth plastic teeth
	90° Swivel Rotating Bed Assist Rail				90° Swivel Rotating Bed Assist Rail & Fall Prevention Guard [90° Swivel Outward Transfer Handle | 1cm Ultra-Thin Flat Base | Multi-Level Height Tuning] Dual-purpose fall-prevention bedside rail and 90° swing-out transfer handle with dual floor-standing legs and storage pouch for senior home care, pregnancy, and post-op mobility.
	Extendable & Foldable Bed Assist Rail				Extendable & 180° Foldable Bed Assist Safety Rail [83–109 cm 3-Stage Width Expansion | One-Pull 180° Downward Fold | 8-Level Floor-Standing Leg Support] Dual-purpose fall-prevention bed rail and standing transfer handle with flat under-mattress tubes and storage organizer pouch for senior care, pregnancy, and post-op home recovery.
Daily Living >>Getting Around	Rotating Seat Cushion				360-degree free rotation, can be placed on home/car/office seats, Product dimension: 520mm*400mm Weight capacity: 100 Kgs Service Wear-resistant and eco-friendly material Non-slip design, Comfortable and breathable

	Electric lift pad				Safe and non-slip board surface Ultra-thin and portable Quiet operation <30 decibles One button control lift and down Two types are available: Type A: powered by lithium batteries Type B: powered by external power adapter
	4-Wheel Folding Steel Rollator Walker				4-Wheel Folding Steel Rollator Walker with Padded Seat & Basket [Heavy-Duty Corrosion-Resistant Steel Frame | Ergonomic Loop Handbrakes | Under-Seat Shopping Basket] 3-in-1 walking aid, resting lounge seat, and personal shopping carrier engineered for senior outdoor mobility, grocery trips, and daily balance support.
	Multifunctional Rollator				Material: Lightweight aluminum alloy Adjustable Height: 800–940mm Load Capacity: 136kg Net Weight: 9kg Features: Foldable design, built-in basket and tray, locking brakes, no-tool assembly
	Self-Leveling Stair-Climbing Folding Walker				Self-Leveling Stair-Climbing & Slope-Adapting Folding Walker [Automatic Hydraulic/Spring Leg Leveling | 2.8 kg Ultra-Light Aluminum Frame | 15-Stage Height Tuning] Next-generation stair-climbing and slope-leveling walker engineered for multi-story homes, uneven outdoor terrain, and independent senior mobility.
	Folding Walkers(4 Models)				Frame Material: Lightweight aluminum alloy Adjustable Height: 8 levels, 76.5cm-94cm Available Styles: Standard: 53×46cm； With wheels: 53×56cm； With seat: 51×42cm； With wheels & seat: 53×56cm Features: Foldable design, non-slip rubber tips, ergonomic soft grips, optional wheels, and a seat

	Upright Forearm Support Walker Rollator				Upright Forearm Support Walker Rollator with Flip-Up Seat [Ergonomic Padded Forearm Cradles | 5.2 kg Lightweight Aluminum Frame | 4-Wheel Braking System] Posture-correcting upright mobility walker designed to relieve back, wrist, and shoulder strain for seniors, balance training, and walking rehabilitation.
	Adjustable Aluminum T-Handle Walking Cane				Adjustable Lightweight Aluminum T-Handle Walking Cane [1.2 mm Thickened Aluminum Shaft | Anti-Rattle Screw Lock Collar | Ergonomic T-Handle Grip] Lightweight, height-adjustable everyday walking stick for elderly balance assistance, post-injury gait support, and daily mobility.
	Detachable Aluminum Forearm Crutches				Detachable Shock-Absorbing Aluminum Forearm Crutches [F-Grade Spring Shock Absorption | 3-Piece Suitcase Disassembly | 0.8 kg Ultra-Lightweight Frame] Ergonomic U-cuff forearm walking crutches with built-in spring suspension and night reflectors for long-term mobility support, travel, and joint rehabilitation.
	Dual-Handle Stand-Assist Walking Cane				Dual-Handle Stand-Assist Walking Cane with Flip-Up Rising Grip [Flip-Up Secondary Standing Handle | 10-Stage Height Adjustment | 3 Interchangeable Base Options] Ergonomic two-hand rising leverage and anti-trip quad stability for seniors standing up from low chairs, sofas, beds, and climbing stairs.
	Foldable Tripod Walking Cane with Seat				Foldable Aluminum Tripod Walking Cane with Built-in Seat [2-in-1 Cane & Folding Tripod Seat | 1.12 kg Ultra-Lightweight Frame | 5-Stage Height Adjustment] Dual-purpose walking support cane and instant resting stool for seniors, outdoor travel, queuing, parks, and fatigue relief.

	One-Click Folding Cane Seat				Material: Lightweight aluminum alloy Unfolded Height: 68cm； Folded Height: 85cm Seat Dimensions: 23cm × 21cm Available Colors: Coffee, Red, Black Load Capacity: 120 kg Features: One-touch unfolding, triangular support structure, non-slip rubber feet
	Forearm Crutch&Elbow crutch				Universal Material: Aviation lightweight aluminum alloy Standard Open&Closed Cuff Grip: ABS plastic，Max load: 100kg Elbow bracket: 4 adjustable gears(Closed)，Shaft: 10 height gears Upgraded Foldable Closed Cuff Fold type: 3-section foldable, Grip: Soft non-slip TPR Elbow bracket: 4 adjustable gears, 90° rotatable cuff Shaft: 10 height gears, 92–115cm Max load: 136kg
	Multifunctional Foldable Walking Stick				Versions: Standard Common Type, Shock Absorbing Spring Type Main Material: High-strength aluminum alloy tube, elbow pad: EVA + nylon fiber, hand grip: anti-slip foam Total Height Adjustment: 14 gears(6+8) Adjustable Total Length: Standard type 85-115cm; Shock-absorbing spring type 95-121cm Max Load Capacity: 100kg
	Axillary Crutch(Steel & Aluminum Alloy)				Available Materials: Aluminum alloy / stainless steel Adjustable Styles: Single adjustable, dual adjustable, spring shock-absorbing, and regular fixed styles Size Specifications (S/M/L): For details, please check the images Features: Multi-level height adjustment, underarm pad, non-slip foot pad, ergonomic handle
	Lightweight Aluminum Underarm Crutches				Lightweight Aluminum Underarm Crutches with Soft TPR Pads [1.2 mm Thickened Aluminum Alloy | 0.8 kg Per-Crutch Weight | 9-Stage Height & 5-Stage Handgrip] Shock-absorbing, height-adjustable underarm walking crutches engineered for lower-limb fracture recovery, ankle sprains, and post-surgical mobility.

	Knee Scooter				Material: High-carbon steel Overall Dimensions: 82cm × 41cm × 75–93cm Wheels: 8-inch all-terrain wheels Features: Dual hand brakes, ergonomic knee pad, adjustable handlebars
	Foldable Steerable Knee Walker Scooter				Foldable Steerable Knee Walker Scooter with Storage Pouch [High-Carbon Steel Trapezoidal Frame | Dual Handbrake Locking System | Tool-Free Folding] Hands-free non-weight-bearing mobility alternative to crutches for foot fractures, ankle sprains, Achilles tendon recovery, and lower-leg rehabilitation.
	Wheelchair Ramp				Material: Durable lightweight aluminum alloy Available Styles: 4-fold (4-section foldable)，Standard foldable (2-section)，Telescopic (adjustable length) Surface: Anti-slip textured surface (rubber-coated or ridged aluminum) Features: Foldable/telescopic design, carrying handles, safety chains
Fitness & Rehab>>Rehabilitation	Wobble/Wedge Cushion				Material: PVC Wobble cushion size: 33*6, 20*2.5cm Wedge cushion: size: 31*31*7,36*32*7cm
	Wiggle Feet Cushion				Material: PVC Size: 32*23*6cm,38*30*6cm Color：blue, red, purple, gray

	Peanut Ball				Material: PVC Size: 100x50cm, 90x45cm, 80x40cm, 75x38cm Features: Extra thick & anti-burst design for safe use
	Anti-Burst Yoga Ball				Material: Eco-friendly thickened PVC Available Sizes: 55cm, 65cm, 75cm 55cm: Suitable for height 150–160cm 65cm: Suitable for height 160–170cm 75cm: Suitable for height 170–180cm Optional Colors: Pink, Light Blue, Purple
	Balance Trainer Ball				Materials: 4mm thick PVC (ball skin), PP (base) Sizes: Large: 60×22cm， Small: 47×15cm Design Types: Water ripple texture, massage nodes Colors: Black, Light Green, Purple, Pink, Gray, Light Blue (varies by type) Accessories: Resistance bands, foot pump/remover, air plug Features: Anti-burst, non-slip base, 360° stable grip
	Finger Rehabilitation Training				Set Components: 3 resistance-level stress balls (soft/medium/firm) 3 resistance-level grip rings (soft/medium/firm) 3 resistance-level finger stretchers (soft/medium/firm) 1 dual-sided finger strengthener 1 storage bag Materials: TPR (stress balls), silicone (grip rings/stretchers), plastic + metal springs (finger strengthener)
	Therapy Stress Ball				Product Series: 4 Types Hand Therapy Grip Stress Balls Type 1&Type 2:Refer to the left image Type 3: Five Finger Loop PU Training Ball Material: Elastic PU, 7cm, Resistance: 10lbs / 25lbs / 30lbs Type 4: Five Finger Loop Spiky TPR Massage Ball Material: Safe TPR, 12*9cm, Blue Common Features: Odor-free, flexible elastic, easy to clean, portable compact size

	Therapy Hand Web				Material: Food-grade silicone Sizes: Small-17.8cm (7 inches),Large-35.5cm (14 inches) Resistance Levels: Yellow (Low): 5-8kg resistance Red (Medium): 8-12kg resistance Green (High): 12-17kg resistance Color Options: Yellow, Red, Green
	Rehabilitation ExerciseYoga Mat (TPE)				Material: Premium high-density TPE Colors: Light blue, light green, pink, gray, purple Versions & Sizes: Standard: 183×61/80 × 0.6/0.8/1.0cm Kids: 140×66 × 0.6/0.8cm Foldable: 183×61/80 × 0.6/0.8cm Accessories: Carry bag, strap (included with standard/foldable versions)
	Rehabilitation ExerciseYoga Mat (NBR)				Material: High-density NBR Colors: Blue, Black, Pink, Purple Sizes & Versions: Portable: 185×61cm, thickness 1/1.5/2cm Classic: 185×80cm, thickness 1/1.5/2cm Extra Large: (185/200)×(80/90)cm, thickness 1/1.5/2cm Optional Accessories: Carry strap, carry bag
	Rehabilitation ExerciseYoga Mat (Cork&NR)				Materials: Natural cork + natural rubber Color: Natural cork color Size: 183×66×0.5cm Key Features: Tear-resistant, wear-resistant, moisture-absorbent, sweat-wicking, alignment guide lines
	Resistance bands				Material: TPE or Latex Size:600*50*(0.3-0.5-0.7-0.9-1.1)mm

	Resistance bands-2				Material: Eco-friendly TPE Standard Length: 2080mm, Thickness: 4.5mm 4 Tension Levels:Red: 15-25LBS, 13mm width, Black: 25-50LBS, 21mm, Purple: 75-100LBS, 32mm,Green: 100-120LBS, 44mm Optional Accessories: Foam handles, door anchor
	Resistance Rope Set				Material: High-strength TPE Tension Levels:Yellow: 10LBS (4.5KG), Red: 15LBS (6.8KG), Blue: 20LBS (9.1KG), Green: 25LBS (11.4KG), Black: 30LBS (13.6KG) Sets:(freely combined), Beginner 10PCS Set (75LBS),Standard 12PCS Set (100LBS), Advanced 16PCS Set (150LBS) Core Accessories: Non-slip foam handles, door anchor, foot loops, storage bag+ instruction manual
	Silicone Torsion Bar				Material: Food-grade silicone Dimensions: Approx. 3.5cm (diameter) × 31cm (length) Resistance Levels:Pink/Purple: 5KG (10LB)，Blue/Black: 6.8KG (15LB)，Green/Yellow: 9KG (20LB) Color Options: Pink/Purple, Blue/Black, Green/Yellow Customization: Logo customizable
	Foot Massage Roller				Material: Elastic PU/TPE Dimensions: Roller length 17cm, wheel diameter 7cm Net Weight: 0.35kg Optional Accessories: 7-9cm spiky massage balls (1-2 pcs) Available Colors: Blue, Pink, Green, Black/Grey
	Foam Roller(4 styles)				Product Parameters Model / Dimensions / Material Hollow Standard Foam Roller — 33×14cm — EVA Hollow Deep Tissue Foam Roller — 45×14cm — EVA+PVC Solid EVA Foam Roller — 30×15cm / 45×15cm / 60×15cm — EVA Foam Roller with Suction Cup Stand — 55×20×15cm — EVA + Built-in Steel Pipe + Eco-Friendly PP Stand
